

Examiner Interview

Applicant would like to sincerely thank Examiner Le and his supervisor for their time in discussing this Application over the phone with Applicant's Attorney, Christopher J. Culberson, on July 30, 2007. During this interview, objections to Applicant's disclosure were discussed, as was the rejection of claim 7. Applicant proposed amendments to Fig. 4 to address the objections to Applicant's disclosure, and the Examiner stated that the proposed amendments were sufficient to overcome the objections. Applicant has included a replacement drawing with this Response that incorporates the proposed amendments.

As to the rejection of claim 7, and without conceding the propriety of this rejection, Applicant has cancelled claim 7 and rewritten dependent claim 8 in independent form, as suggested by the Office in the previous Office Action. Accordingly, all of the pending claims are believed to be in condition for allowance.
